

Dear Devilette Families,

As we Return-to-Play on Monday, January 31st, please review the City of London and London Sports Park protocols below before visiting arenas. Please note, that these protocols may be updated at any point so please check your email frequently.

Update from OWA: Please review the attached memo from OWA about the Return to Play, Jan. 31st, 2022.

[OWA Memo Jan. 28 2022](#)

General Health Guidelines Before Coming to the Arena

- You will be required to pass active screening when entering the arenas as per the arena's process. It is advised that you complete the Ontario Covid Self-Assessment: <https://covid-19.ontario.ca/self-assessment/> prior to leaving home so that you are aware of the most current screening questions and protocols. At this time the LDGHA screening tool is not required, however, this may change based on direction from our arena partners.
- If a player / participant does not pass the screening or is unwell, please ensure you review the following health unit and government of Ontario protocols.
 - [Self-Isolation Requirements — Middlesex-London Health Unit](#)
 - [Coronavirus \(COVID-19\) self-assessment \(ontario.ca\)](#) (isolation instructions will be linked if you fail the screening)
- ***If a player or participant is sick, please stay home. When in doubt, sit out.***
- Review arena guidelines and be prepared for changes when you arrive. Be patient and kind with arena staff and other attendees.
- All public health directives must be followed. Wear your mask as required, wash your hands, maintain physical distance.
- Ensure you have all required entrance documents, QR code for proof of vaccination and ID. <https://covid-19.ontario.ca/get-proof/>

City of London Arenas Preliminary Protocols - including Western Fair Sports Centre (Revised)

- Overall building capacity is limited to 50%.
- Spectator area is 50% or 500 people, whichever is lower. Due to this limitation, **ONE spectator** per participant will be allowed. It is in **ESSENTIAL** that spectators only enter at the time of the rental if they are not assisting the participant and to leave immediately after the rental. Please do not congregate in lobby or spectator areas to assist all of us in being compliant with the regulation.

- *There are no capacity limits on dressing rooms. (revised)*
- Entry into the arena for participants is limited to 30 minutes prior to their ice time. We ask spectators to arrive at the time of the rental unless required to support participants. All groups must exit the arena 15 minutes after their rental time expires.
- Masks must be worn at all times by spectators, and be worn by participants at all times prior to going to the ice surface.
- Everyone 12 and over must provide proof of vaccination to enter the arena. An enhanced vaccine certificate with a QR code along with a valid ID is mandatory by provincial regulation. Proof of vaccination receipts and medical exemptions without the QR code will no longer be accepted. The QR code can be accessed digitally or by printing a paper copy. To download your digital or print QR code, please visit covid-19.ontario.ca/get-proof. Individuals can also visit their local library or can call the Provincial Vaccine Contact Centre at 1-833-943-3900 to have their vaccine certificate mailed to them. You can also visit a Service Ontario centre to receive a printed copy.
- Active screening is required for entry but we are no longer required to collect contact information for each individual who enters.

London Sports Park Protocols

- 35 skaters/participants per ice pad
- 2 spectators per skater permitted
- Dressing room access – 30 min before / 20 min after
- Masks required (except on ice)
- Enhanced QR code + proof of ID required for all visitors 12 years and older

Thank you for your cooperation and patience through this process. We will update the Devilettes membership as things change. Please monitor your email and the LD website.
